Special Session begins at New Parliament

- Prime Minister Modi leads MPs into the new 'Parliament House of India'
- Old Parliament building to be named 'Samvidhan Sadan'
- Women's Reservation Bill *(Nari Shakti Vandan Adhiniyam)* first Bill to be tabled

New Delhi, Sept. 19 (Agencies)- Parliament proceedings shifted to the new building today after the Lok Sabha Secretariat designating the new building as the 'Parliament House of India'. Led by Prime Minister Narendra Modi, several MPs walked from the old building to new Parliament complex.

On Monday (Sept. 18), the Session began with Modi opening the discussion on the parliamentary journey.

MPs across the political spectrum listed the many achievements of the Parliament, with most pitching for greater representation for women.

Followed by a function organised at the Central Hall to bid farewell to the old Parliament building, proceedings of the second day (today) of the Special Session resumed at 1.15 pm in the Lok Sabha, while the Rajya Sabha reconvened at 2.15 pm. Earlier, parliamentarians gathered outside the old building for a group photograph.

The old Parliament building will be called "Samvidhan Sadan (Constitution House)," Modi announced today in his last speech from the old building. "Today, we are taking leave from here and heading to the new Parliament building. This is auspicious as today is Ganesh Chaturthi," the PM said, turned towards the Speakers of both Houses seated beside him, and made a request.

"I appeal to you, and I hope you will consider it after deliberation. Now that we are going there (the new parliament building), the glory of this House should never decline. We shouldn't just call it the 'old parliament'. I request, if both of you permit, that this building should be known as 'Samvidhan Sadan' so that it always serves as an inspiration for us. When we call it 'Samvidhan Sadan', the memories of those great people who once sat here in the Constituent Assembly get linked to it. We shouldn't let go of this opportunity to offer this gift to the coming generations," PM Modi said.

EDITOR'S BOTTOMLINE

Receiving the lowest rainfall in 123 years, Karnataka has declared 195 of its 236 taluks drought-hit. This year, rainfall deficit stands at around 40%. A Cabinet Sub-Committee headed by Revenue Minister Krishna Byregowda had earlier found that 161 taluks were severely affected, while 34 were moderately hit. Forty more taluks are likely to be added to the list if the rains continue to play truant.

While the opposition has criticised the government for the delay in declaring taluks as drought-hit, the administration has its hands tied due to flaws in the Manual for Drought Management of 2016 (updated in 2020), issued by the Centre. Based on a Supreme Court order, the Centre had notified the manual, making the rules mandatory while in the past they were in the nature of guidelines. The new policy has been criticised by the States as drought is categorised only as 'normal' and 'severe', with the 'moderate' category being omitted. This is seen as an attempt by the Centre to limit its responsibility to releasing funds only in case of 'severe' drought. Chief Minister Siddharamaiah had drawn the Centre's attention to the 'one-size-fits-all' approach as it does not capture the regional variations.

Karnataka has developed a robust watershed scheme which should be extended to all districts, as check dams help in conserving soil and recharging groundwater. The cropping pattern needs to be changed to grow what is suitable to a particular region, and non-water-intensive farming methods encouraged. Attention should also be given to livestock rearing as it provides additional revenue to farmers, especially during the drought months. Karnataka is drought-prone, being the second driest State in the country after Rajasthan and as such, it is important for the government to take long-term steps to mitigate the problems of farmers.

Man claims illness after witnessing wife's C-Section

Melbourne: An Australian man tried to sue a Melbourne hospital claiming that he was 'permitted' and even 'encouraged' to attend his wife's C-section, which caused the onset of a mental illness.

In January of 2018, Anil Koppula's wife gave birth to a healthy baby via cesarean section at the Royal Women's Hospital in Melbourne. He was allowed in the operating room during the procedure and seeing his wife's organs and blood allegedly caused the onset of a psychotic illness. Now, years later, he is trying to sue the hospital for 1 billion Australian dollars in psychological damages. Koppula, who represented himself during the legal proceedings, claimed that the hospital breached its duty of care it owed to him, adding that the psychotic illness caused the breakdown of his marriage.

Man gets body double to take driving test

Grammont: A Ghanaian man living in Belgium became so frustrated with constantly failing the theoretical part of the driving test that he paid a lookalike to take the test in his place.

Serge, a Ghanaian immigrant living in Grammont, Belgium, had been struggling to pass his driving license exam for over a year. Serge had tried and failed the test 12 times. In the end, he decided that cheating was his best bet, so he started looking for someone with similar looks to take the test on his behalf.

When the body double gave the examiner Serge's ID, he knew he was in trouble. Noticing the facial differences, both men were eventually taken into custody and they recently appeared before a judge.

Serge's lawyer said that he still hasn't gotten his driver's license, but he can get a job at a local packaging company that he can reach by train...

Augment public transport from extensions to city centre

Sir,

Dattagalli 3rd Stage is now a very large extension of Mysuru City. It comprises Kanakadasanagar, Someshwaranagar, adjoining RT Nagar and Rajarajeshwarinagar.

The first city bus starts at 6 am from Someshwaranagar via Netaji Circle to City Bus Stand (CBS) but it is not possible for us to reach the Railway Station and take even the Chamundi Express that leaves at 6.45 am.

To proceed to outstation early, this first bus timing is quite late. A few other extension areas like Srirampura have the facility of direct buses even to Bengaluru as early as 5 am.

There is a Vishwamanava Express train running everyday starting at 5.50 am. Since Mysuru city centre is not well-connected by city buses from a very well-developed extension area to take early morning trains and buses, only commuters with their own vehicle arrangement are making use of it.

Hence, the authorities concerned and the elected representatives are requested to initiate action to augment the public transportation to city centre (Private and KSRTC bus stands and also the Railway Station) and help the large number of commuters.

Mysuru City becoming dumping yard for medical wastes from Kerala

Mysuru, Sept. 19 (BLU&DM)- Amidst the Nipah virus scare, which has caused huge concerns across neighbouring Kerala, Mysuru is becoming a dumping yard for clandestine dumping of Medical wastes from Kerala, which has caused a grave concern amongst the city residents.

As proof of dumping of medical wastes from Kerala, office-bearers of Mysuru Lorry Owners Association, intercepted a Kerala Lorry carrying Medical waste meant for dumping in Mysuru on Sept. 16 and handed it over to the Police.

Abhishek and Vishwanath, Officer-bearers of the Association, were on their way in a two-wheeler from Kadakola Industrial area on Nanjangud Road to the city, when they found foul smell emanating from a truck that was passing by near Kadakola Check-post.

As the Lorry was covered with tarpaul, they could not see what the load was. Soon, they intercepted the Truck and removed the Tarpaulin, when they found stench-emanating Medical waste.

Subsequently, the Lorry driver was questioned, when he disclosed that the Medical waste was from Kerala Hospitals and meant to be dumped in the outskirts of Mysuru. Then Abhishek and Vishwanath informed the Jurisdictional Mysuru South Police, who rushed to the spot and seized the Lorry.

The scientific and safe disposal of Medical wastes in Karnataka is assigned to agencies which have expertise in the field. But in Kerala there is no such system and in this backdrop, the Medical waste generated there is being clandestinely brought to Mysuru and its surroundings and dumped, it is learnt.

It is questionable how such Lorries are passing through the Check-posts at Kerala-Karnataka border and how the Lorry drivers are managing to evade or escape the notice of the Check-post staff, who are supposed to check all vehicles passing through it.

Meanwhile, it is learnt that a Lorry owner in Kerala is getting Rs. 25,000 per load for transporting and dumping Medical wastes around Mysuru. The payment includes Rs. 10,000 for loading of Medical waste, Lorry rent of Rs. 10,000 and Rs. 5,000 for dumping of waste at an isolated spot in the outskirts of Mysuru.

At a time when Kerala is reeling under the effects of Nipah virus attack, the transportation and dumping of Medical wastes from that State has become a serious cause of concern for Mysureans, who have begun to question the authorities on how such truckloads of Medical waste from Kerala is entering Mysuru.

The city residents are demanding the Police, RTO and all other authorities concerned to take stringent action against those dumping such Medical wastes from Kerala. They fear that the virus may spread to the city as well, in the absence of a thorough check of vehicles at Border Check-posts.

It may be mentioned here, that such an incident had occurred in Mysuru a few months ago, when the Police arrested the Kerala Lorry drivers and seized the vehicles.

But the menace seems to have returned with the seizure of another Lorry from Kerala on Sept. 16.

Harish Gowda, who is also Hunsur MLA, Deputy Commissioner (DC) Dr. K.V. Rajendra, who is also the Electoral Officer, has cancelled the notification issued for holding the bank election on Nov.4 as the electoral rolls for the poll has not been prepared. The term of the current President and the Executive body ends on Nov. 10.

The poll notification has been cancelled as per the provisions of Sections 13(D)1 and (2) of Karnataka Co-operative Institutions Act, 1959.

Dr. Rajendra said that complaints have been received that the Bank has given directions to its member Co-operative Societies for submission of delegate forms. In the backdrop of cancellation of poll notification, the Bank's member Co-operative Societies have been asked not to elect their representatives and submit delegate forms until the next poll notification is issued. But still some Co-operative Societies have sent delegate forms, which will become invalid since the poll notification has been cancelled, the DC pointed out.

MCDCC Bank President moves Court

Reacting to the cancellation of the poll notification according to which the polls for electing a new Executive body was to take place on Nov.4, MCDCC Bank President G.D. Harish Gowda said that they have moved the Court questioning the cancellation of poll notification.

Stating that the Court will take up hearing of the petition on Sept.19, Harish Gowda said that the Court has made oral observations that no electoral process should be made until the hearing. But despite the Court's oral instruction, it is surprising that the DC has cancelled the poll notification, he said adding that he is going to wage a legal battle against the Government's wilful action which is violative of the Court direction.

Meanwhile, the cancellation of the poll notification is seen as an attempt by the ruling Congress Government to take control of the prestigious MDCC Bank which is now run by the Executive body headed by JD(S) MLA G.D. Harish Gowda, who is the son of Chamundeshwari MLA G.T. Devegowda.

State's 3 Hoysala temples now UNESCO World Heritage sites

(Continued from page 1)

During the 45th Session of the World Heritage Committee of UNESCO, held in Riyadh, Saudi Arabia on Monday (Sept. 18), India's proposal for the 'Sacred Ensembles of the Hoysalas' was met with unanimous approval. The announcement comes after Shantiniketan in West Bengal received UNESCO world heritage status on Sunday (Sept. 17).

This esteemed recognition added three magnificent temples to the list of World Heritage Sites: the Chennakeshava Temple at Belur, the Hoysaleswara Temple in Halebeedu in Hassan district and the Keshava Temple at Somnathpur in Mysuru district. The Somnathpur Temple is located at a distance of 35 kilometres from Mysuru and the structure is a paradise for art connoisseurs.

In fact, the 'Sacred Ensembles of the Hoysalas' have been on UNESCO's tentative list since April 15, 2014 and represent one of the highest points of human creative genius and stand testimony to the rich historical and cultural heritage of our country.

Among the nations who supported India's bid for listing of Hoysala Temples in Karnataka as UNESCO heritage site are Japan, Nigeria, Oman, Greece, Italy, Russia, Ethiopia, Zambia, South Africa, Qatar, Mali, Saint Vincent and the Grenadines, Belgium, Argentina, Mexico, Saudi Arabia and Thailand.

UNESCO World Heritage Committee recognised the cultural significance and historical importance of these temples and through a vote arrived at the decision to add the site to the list.

India's UNESCO rep congratulates

India's Permanent Representative to UNESCO, Vishal V. Sharma, expressing gratitude to the World Heritage Committee said, "Chennakeshava in the Kannada language means good or benevolent Krishna. These monuments are extraordinary experiences of spiritual purpose and vehicles of spiritual practice and attainment. Set in the foothills of the hilly and forested terrain of Western Ghats of India on sites of enduring sanctity."

"The stone sculptures and carvings are full of cultural iconography and depiction of the stories from ancient scriptures of India like the Ramayana, Mahabharata and the Srimad Bhagavatham. I conclude Mr. Chair by saying a line in Kannada language congratulating the people of India 'Naanu Abhinandisuthene Bharatha Janagalige' Bharat Mata ki Jai," he said.

It may be recalled here that on Sept. 16, 2022, a team from UNESCO visited the 13th century Chennakeshava Temple at Somnathpur. The team, headed by Tiang Kian Boon, an expert from the International Commission on Monuments and Sites (ICOMOS), also visited the other Hoysala Temples at Belur and Halebeedu before coming to Somnathpur.

Tiang Kian Boon was briefed regarding the architecture of the Temple and the sculptures. He was apprised of its salient features by former Chairperson of Infosys Foundation Sudha Murty who has been actively involved in conservation efforts of heritage Temples and Kalyanis in Karnataka. The then Mysuru Deputy Commissioner (DC) Dr. Bagadi Gautham translated the local residents' views in Kannada to English.

The dossier for final submission was prepared by the Bengaluru Chapter of Indian National Trust for Art and Cultural Heritage (INTACH) for the Department of Archaeology Museums and Heritage and Department of Tourism with support from the Archaeological Survey of India.

Never seen before or since: UNESCO

Recognising the Hoysala artists and architects who built these masterpieces of a kind never seen before or since, UNESCO, in a statement, said that this serial property encompasses the three most representative examples of Hoysala-style temple complexes in southern India, dating from the 12th to 13th centuries. "The Hoysala style was created through careful selection of contemporary temple features and those from the past to create a different identity from neighbouring kingdoms."

The global cultural organisation said that the shrines are characterised by hyper-real sculptures and stone carvings that cover the entire architectural surface, a circumambulatory platform, a large-scale sculptural gallery, a multi-tiered frieze, and sculptures of the Sala legend. "The excellence of the sculptural art underpins the artistic achievement of these temple complexes, which represent a significant stage in the historical development of Hindu temple architecture," the statement added.

PM Modi congratulates

More pride for India! The magnificent Sacred Ensembles of the Hoysalas have been inscribed on the UNESCO World Heritage List. The timeless beauty and intricate details of the Hoysala Temples are a testament to India's rich cultural heritage and the exceptional craftsmanship of our ancestors."

— Narendra Modi, Prime Minister

Local economy will thrive

This is India's and Karnataka's proud moment. We have finally got it though the recognition was pending for a long time. It will boost tourism in the region and whoever visits the Mysore Palace will also visit Somnathpur, Belur and Halebeedu. The task ahead of us is to provide basic facilities for tourists including travel and accommodation. Though we cannot indulge in any sort of development at Somnathpur due to its world heritage site status, the local economy will thrive beyond the Temple premises and the Mysuru region will be on every foreign tourist's itinerary."

Special Session at New Parliament

(Continued from page 1)

PM Modi paid rich tributes to the country's democratic traditions and recalled contributions of all former Prime Ministers — Jawahar Lal Nehru, Lal Bahadur Shastri to Atal Bihari Vajpayee and Dr. Manmohan Singh — and said the colonial-era premises will remain a "source of inspiration" and "place of pilgrimage" for all times to come.

India will have to "work on a larger canvas" and all laws that will be made and all debates in Parliament must be aimed at encouraging Indian aspirations.

"If we cannot enlarge the canvas of our thinking, we will not be able to paint a picture of a grand India," the Prime Minister said.

"...In the 25 years of Amrit Kaal, India will have to work on a larger canvas. The time for us to get caught up in smaller issues is over. First of all, we will have to meet the goal of becoming Atmanirbhar Bharat...It is the need of the hour, it is everyone's duty. Parties do not come in its way. *Sirf Dil chahiye, desh ke liye chahiye,"* PM Modi said.

EXCHANGING GREETINGS: ***Prime Minister Narendra Modi shaking hands with AICC President and Rajya Sabha Opposition Leader Mallikarjun Kharge at the Old Parliament Building this morning. Picture right shows Mallikarjun Kharge making a point as PM Modi, former Congress President Sonia Gandhi, Leader of Congress Party in the Lok Sabha Adhir Ranjan Chowdhury and others look on. Union Civil Aviation Minister Jyotiraditya Scindia and DMK MP T.R. Baalu are also seen.***

The iconic old building, designed by British architects Sir Edwin Lutyens and Herbert Baker, was completed in 1927 and is now 96 years old. Over the years, it was found to be inadequate for present-day requirements.

Speaking in Lok Sabha (old Parliament building) yesterday, PM Modi paid tributes to "every brick" of the old building and said the MPs will enter the new building with "new hope and confidence".

Government sources say the building won't be demolished and that it will be "retrofitted" to provide more functional spaces for Parliamentary events. Some reports also suggest that a part of the old building could be converted into a museum. "The historic structure will be conserved, as it is an archaeological asset of the country," sources said.

Women's Reservation Bill

In a push for gender equality on the political landscape, the Bill calls for a 33 per cent quota in Lok Sabha and State Assemblies. It was passed by the Rajya Sabha in 2010.

Cauvery row: Protesting farmers detained

Mysuru, Sept. 19 (GA&BS)- About 50 farmers were detained by the Police for staging a flash protest in front of KSRTC Sub-Urban Bus Stand, in the city this morning, opposing the release of Cauvery water to Tamil Nadu.

Today morning, a total of 5,735 cusecs of water was let out from KRS Dam in Mandya district.

The farmers, led by State Sugarcane Growers Association President Kurubur Shanthakumar, supported by Federation of State Farmers Organisations and Aam Aadmi Party (AAP), Mysuru District Unit, staged protest in front of the exit gate of the bus stand restricting the departure of buses for some time, besides bringing the busy traffic on the road to a screeching halt.

Venting anguish against the State Government, one of the protesting farmers also hit a poster of Deputy Chief Minister D.K. Shivakumar, who holds Water Resources portfolio, with his footwear, besides stamping on the poster that was torn in the melee.

The agitators also raised slogans, alleging that the State Government which had earlier taken a stand not to release Cauvery water from KRS Reservoir to Tamil Nadu has started releasing the water. Police detained farmers for staging protest without obtaining permission and took them to CAR Police Grounds.

Highlighting Sir MV's contributions to the State as the Chief Engineer during the erstwhile Mysore rulers and subsequently as the Dewan of Mysore, he said that the great engineer is credited with the establishment of steel plant at Bhadravati and many other major industries and undertakings in the State. ABVP demands appointment of VC for Mysore Varsity

Mysuru, Sept. 19 (SPN&DM)- Disappointed over the delay in the appointment of Vice-Chancellor (VC) for University of Mysore (UoM), members of the Akhila Bharatiya Vidyarthi Parishat (ABVP) staged a demonstration in front of Crawford Hall here recently.

Maintaining that the UoM is one of the prestigious Universities of the State and has its own history, the protestors alleged that several activities of the University have come to a standstill in the absence of the VC. Expressing disappointment over the delay in the appointment of faculty, they said that this has given rise to several problems in academic activities.

Claiming that the delay in the VC appointment and the administrative failure on the part of the University Council throws light on the anti-student policy of the University, the protestors wanted the Government and the Governor-Chancellor to intervene and appoint the VC soon. Later, the students presented a memorandum to Registrar V.R. Shylaja.

ABVP Office-bearers Aishwarya, Shreyas, Prajwal, Datta Sudarshan, Subash and others led the stir.

State Government officially declares 195 taluks as drought-hit

161 taluks severely affected and 34 others moderately affected

Siddharamaiah

Bengaluru, Sept. 19 - A day after the Cabinet meeting, the Karnataka Government on Thursday issued an official order declaring 195 taluks in the State as drought-hit including nine taluks surrounding the capital city.

The State is facing a deficient rainfall of more than 30 percent during the current South-West monsoon.

Chief Minister Siddharamaiah said 195 taluks in the State have been declared as drought hit (161 taluks severe and 34 moderate) as per the norms.

Pointing out that the State has 236 taluks in 31 districts, the CM said as per the NDRF and SDRF (National and State Disaster Response Fund) norms, 195 taluks have been declared as drought-hit after getting a survey done and going through its report.

As per the Union Government's guidelines, following the survey, 161 taluks have been declared severely drought-hit and 34 taluks as moderately drought-hit.

There are 40 other taluks facing rainfall deficiency, he said adding that however, the Government is not able to declare them as drought-hit, as per the guidelines.

Siddharamaiah further said that the State would seek drought relief from the Centre and would be submitting a memorandum in this regard to the Centre shortly.

In Mysuru district, barring K.R. Nagar taluk, all other eight taluks — Mysuru, H.D. Kote, Hunsur, Nanjangud, Periyapatna, T. Narasipur, Saragur and Saligrama — have been declared severely drought-affected.

In Mandya all the taluks — K.R. Pet, Maddur, Malavalli, Mandya, Nagamangala, Pandavapura and Srirangapatna — have been declared severely drought-affected.

In Kodagu, Madikeri, Virajpet and Kushalnagar taluks have been declared severely drought-affected, while Somwarpet taluk has been declared moderately affected.

Drought: Kannada Sahitya Sammelana postponed

Mandya, Sept. 19 - With the State Government officially declaring that 195 taluks as drought hit, the Kannada Sahitya Parishat has postponed the 87th Akhila Bharath Kannada Sahitya Sammelana that was proposed to take place in the Sugar town of Mandya in December this year.

Speaking to presspersons here recently, Kannada Sahitya Parishat President Dr. Mahesh Joshi said that the Sammelana has been postponed as it is not correct to celebrate the Kannada literary festival at a time when the State is facing drought and crores of Kannadigas are in distress.

Observing that with the State facing drought, even Dasara should be celebrated in a simple manner, Dr. Joshi said that similarly, the scale of all other festivals should be toned down and celebrated in a simple and purposeful manner.

Mohammed Siraj's 6-wicket mayhem crushes Sri Lanka, India bring home 8th Asia Cup

Colombo, Sept. 19- Mohammed Siraj bowled a terrific six-wicket spell helping India eventually outplay Sri Lanka by 10 wickets in the final of Asia Cup 2023 at R. Premadasa Stadium in Colombo on Sunday.

India registered a record-extending 8th Asia Cup title. With the help of Siraj's 6 for 21 in 7 overs, the Rohit Sharma-led side bundled out Sri Lanka for 50 runs after skipper Dasun Shanaka won the toss and opted to bat.

Siraj picked his first five wickets in 16 balls which is also the joint fastest in ODI cricket history. Jasprit Bumrah landed the first blow before Siraj took over and didn't let the opponents settle down.

In the paltry chase, Shubman Gill and Ishan Kishan comfortably took India home in 6.1 overs.

Team India celebrates with the 'Asia Cup' win.

Siraj dedicates $5000 'Player of the Match' prize money to Sri Lankan ground staff

Colombo, Sept. 19- India pacer Mohammed Siraj dedicated the prize money after winning the Player of the Match award in the Asia Cup final to the ground staff of R. Premadasa Stadium in Colombo.

"I think they deserve a lot of credit. The tournament would not have gone ahead without their work," said Siraj at the post-match presentation.

The prize money for the award was USD 5,000 or Rs. 4.15 lakh. Earlier on Sunday, the ACC and SLC had also announced a USD 50,000 (Rs. 41.54 lakh), award to the ground staff of Kandy and Colombo.

Siraj was awarded the Man of the Match award in the final for his record spell of 6/21, which included four wickets picked in one over. His figures were the fourth-best by an Indian in One-Day Internationals.

The ground staff worked round the clock to ensure the Asia Cup went ahead as per schedule at a time when the region experienced torrential rains. ACC was thinking of shifting the tourney out of Colombo but opted to stay put. After India-Pak match was washed off due to rain in Kandy during the group stage, the Board added a reserve day for the final.

WORD OF THE DAY

Fallible

Pronunciation: FAL-uh-bul.
Meaning: Fallible means "capable of making mistakes or being wrong."
Origin: "Humanum est errare" is a Latin expression that translates as "To err is human." Of course, cynics might say that it is also human to deceive. The history of the word fallible simultaneously recognises both of these character flaws. In modern usage, fallible refers to one's ability to make mistakes, but it descends from the Latin verb fallere, which means "to deceive." Fallible has been used to describe the potential for error since at least the 15th century. Other descendants of fallere in English, all of which actually predate fallible, include fallacy (the earliest, now obsolete, meaning was "guile, trickery"), fault, false, and even fjail. Whoops, we mean fail.
Example: "AI is fallible. We see biased responses. ... This is because of how AI models are trained—in other words, it's because of the data. Skewed data will lead to skewed results and misrepresentations." — Kevin Collins

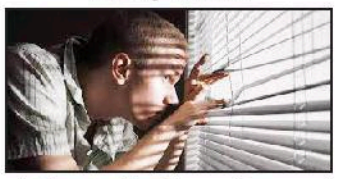
THE ODD WORD

Fauteuil

Enclosed seat in theatre.

PHRASE OF THE DAY

Fishy smell



Meaning: The phrase 'Fishy smell' or "Something smells fishy" is used when something seems suspicious.
Origin: The origin of the term 'Fishy smell' alludes to the fact that while fresh fish have no noticeable odour, rotten or stale ones really stink. It first came into use in the early 1800s.
Example: "When I heard his account of the car crash, I noticed a bit of a fishy smell; he was obviously not telling the truth."

QUOTE BOX

He who does not love his own language is worse than an animal and smelly fish. **—Jose Rizal**
